CONTINUA

Built for the meeting, not the setup

Continua takes the time to understand your space, then integrates and supports AV that's simple, stable, and built to stay out of the way.

THE REALITY TODAY

CONTINUA

The technology isn’t a problem: the approach is.

Sounds familiar?

FACILITIES & REAL ESTATE

- Meetings start late because the tech gets in the way
- Poor AV erodes employee confidence in the office
- Outdated office tech makes working from home the easier choice

IT

- Support tickets keep climbing
- No consistent, repeatable way to manage tech
- Vendors don't speak your language
- No proactive way to find and fix issues before they're reported

CONTINUA

What if the room worked as hard as the people in it?

74% of workers say office design quality directly affects how valued they feel. The technology in the room tells that story.

— Magnetic, not Mandatory Research Report

WHAT WE BUILD FOR

From the boardroom to the café. Every room, ready.

01

Boardroom:
every seat matters

AV that puts every participant, in the room and remote, present and in view.

02

Huddle (Small):
ready before you sit down

Booked, connected, and set up for a client call or a quick team sync.

03

Huddle (Casual):
drop in and get to work

Flexible enough to accommodate a quick standup, yet fully equipped for a more in-depth call.

04

Huddle (Medium):
small group, big output

AV for focused collaboration without the formality of a full conference room.

05

Townhall/Flex:
one space for every format

Mobile setup and open sightlines mean the room reconfigures as fast as the agenda does.

06

Café: connection without a conference room

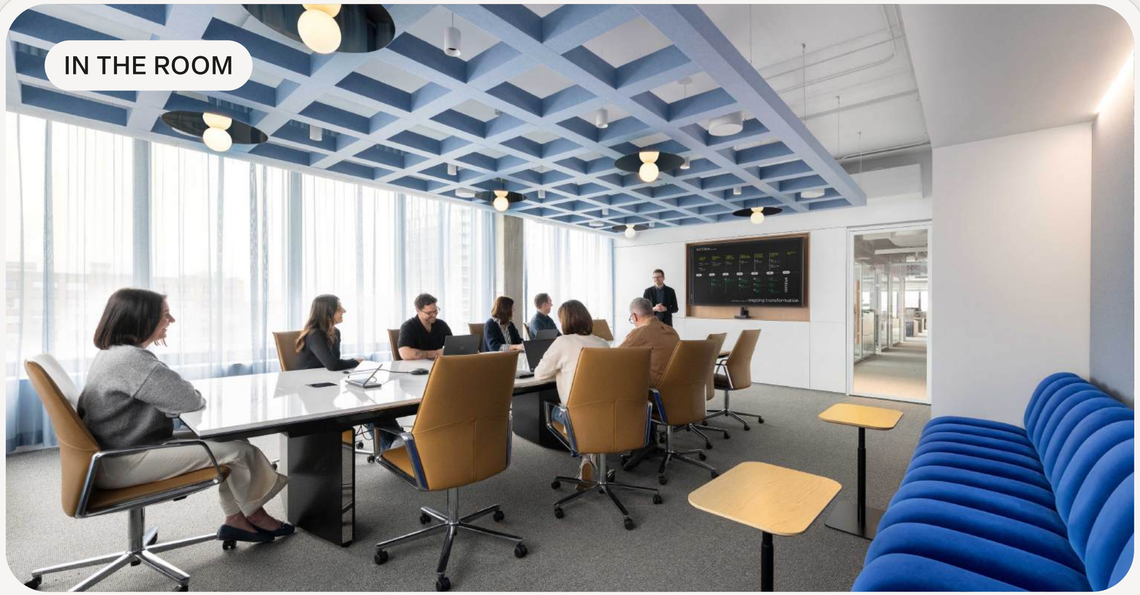

Hospitality-driven space with AV that supports the moments between meetings too.

THE FULL PICTURE

CONTINUA

We build for both sides of the call

- The room is ready. The meeting starts on time.
- Everyone is seen – wide angle, eye level
- Content on screen in seconds, no cables

- Faces visible, voices clear, no blurry thumbnails
- Room audio picks up every seat equally
- Participate like you're in the room, not on a call

CONTINUA

The ribbon cutting is not the finish line.

Your investment only holds its value
if someone is actively protecting it.

WHY CONTINUA

CONTINUA

Support that stays with you.

From install through every service call, we're the one team accountable for how your rooms perform.

01 One team, start to finish

The same team that installs your system is accountable for every service call that follows. No handoffs, no finger-pointing — just one relationship from day one.

02 Proactive, not reactive

our service tiers, proactive monitoring, and a loaner equipment program — so issues get caught and resolved before they affect your next meeting.

03 Real support 7am–7pm CT, Mon–Fri

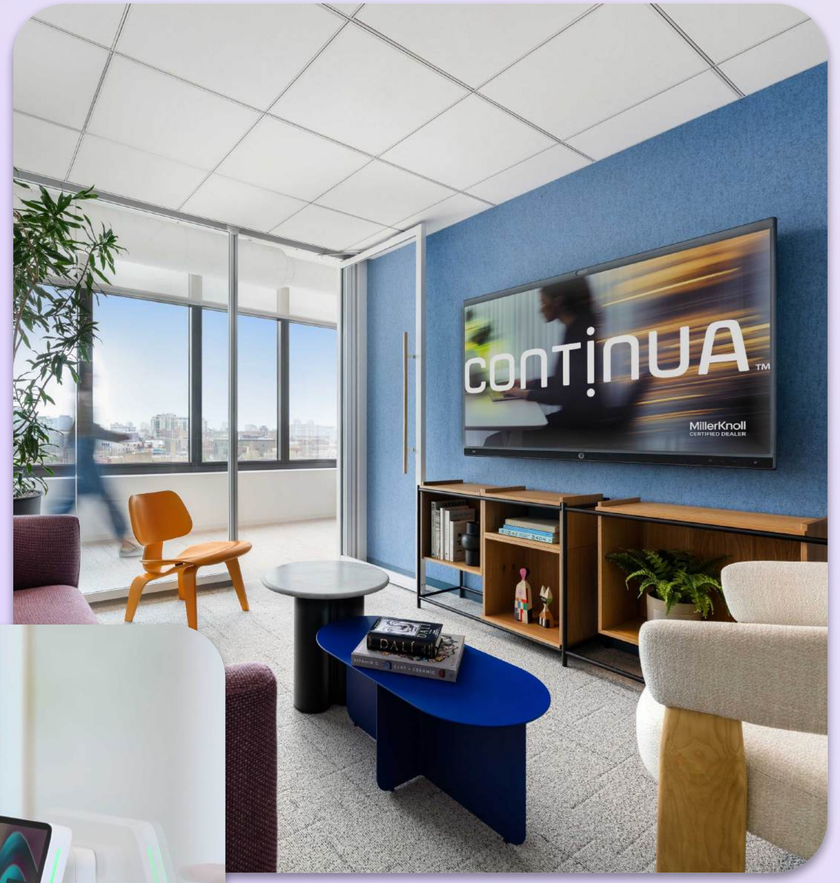

A real person, not a ticket queue — reachable when your people are actually in the building. Elite clients get a 1-hour critical response SLA.
